Dear Post Master General Potter:

I wish to convey my deep concern regarding a proposed Post Office consolidation in the Town of East Haven, Connecticut.

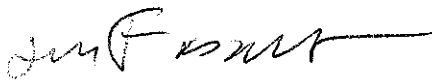

If the Trolley Square Post Office on Main Street is closed, it will force residents to travel for mailing business. This will be a hardship on many residents in my district. The Frontage Road facility is not easily accessible to elderly and disabled citizens.

Although I and other State Officials were not notified, I understand that a hearing was held November 9th at the East Haven Senior Center for the public to express their need for the Trolley Square Post Office to remain open. The room was full of people worried about the result of this potential consolidation which echoed the calls I have received from constituents.

Please let me know of any further actions I can provide as State Senator regarding this issue. I would hope to be notified of future meetings or hearings on this subject as well. Thank you in advance for your attention to this matter.
